Hi Rob,

Is your team available for a call to talk about the contaminant fate and transport calibration issue we discussed this morning at any of the following times:

Feb 26 – anytime (I understand this may be too soon)

March 3 – 10 to 12

March 4 – 2 to 4

March 9 – 11 to 12 or 3 to 4

I think half an hour to an hour will be enough time.

Thanks,
Stephanie
